SYSTEM of EVALUATION and AWARD of DEGREE- UG & PG Courses

1. Based on the aggregate of marks obtained through internal assessment and external assessment, each student is awarded a final letter grade at the end of

the semester, in each Course. The letter grades and the corresponding grade points, as recommended by UGC, are as follows:

For UNDER GRADUATE PROGRAME & M.Sc.

Letter Grade	Grade Points	Normalized Mark range
O (outstanding)	10	90-100
A+ (Excellent)	9	80-89
A (Very Good)	8	70-79
B+ (Good)	7	60-69
B(Above Average)	6	50-59
C (Average)	5	40-49
D (Pass)	4	35-39
F (Fail)	0	<35 Failure due to insufficient marks in the course OR Failure due to non-appearance in examination (Ab-Absent) **For M.Sc. : <40 Failure due to insufficient marks in the course OR Failure due to non-appearance in examination (Ab-Absent)**
I (Incomplete)	0	Failure due to insufficient attendance in the course./ Not submitted Term work

For POST GRADUATE PROGRAME

Letter Grade	Grade Points	Normalized Mark range
O (outstanding)	10	95-100
A+ (Excellent)	9	90-94
A (Very Good)	8	80-89
B+ (Good)	7	70-79
B(Above Average)	6	60-69
C (Pass)	5	50-59
F (Fail)	0	<50Failure due to insufficient marks in the course OR Failure due to non-appearance in examination (Ab-Absent)
I (Incomplete)	0	Failure due to insufficient attendance in the course/ Not submitted Term work

For non-credit courses 'Satisfactory' or "Unsatisfactory' shall be indicated instead of the letter grade and this will not be counted for the computation of SGPA/CGPA.

A student is considered to have successfully completed a course and earned the credits if he / she secured a letter grade other than **F or Ab or I** in that course. *A letter grade F or Ab or I in any course implies a failure in that course.*

A course successfully completed cannot be repeated.

2. **Computation of Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA)**

(i) The SGPA will be calculated according to the formula

$$SGPA = \frac{\Sigma_1^n c_i \times (GP)_i}{\Sigma_1^n c_i}$$

Where C_i = credit for the ith course, $(GP)_i$ = the grade point obtained for the ith course, n = total number of courses and the sum is over all the courses taken in that semester, including those in which the student has secured F grades.

(ii) For the cumulative grade point average (CGPA) following formula is used:

$$CGPA = \frac{\Sigma_1^r S_i \times (SGPA)_i}{\Sigma_1^n S_i}$$

where S_i = Sum of credits in i^{th} semester, $(SGPA)_i$ = Semester Grade Point Average earned in i^{th} semester and r = number of semesters and the sum is over all the semesters under consideration.

(iii) The SGPA and CGPA shall be rounded off to 2 decimal points and reported in the transcripts.

3. **Conversion of grades into percentages and Equivalent Class/Distinction**
   Formula for conversion of equivalent percentage of CGPA as follows :

   Percentage marks = (CGPA - 0.5) X 10

Category	CGPA	Class / Distinction
Students who successfully complete the programme.	Below 5.5	Pass
	5.5 and above	Second Class
	6.5 and above	First Class
	7.1 and above	First Class with Distinction

4. **For all Courses, where duration of the course is more than 2 years, the degree shall be awarded to the student on the basis of CGPA (Cumulative Grade Point Average) of last four semester's performance in the exams.**
