Inception

Marwadi Education Foundation's Group of Institutions (MEFGI) was inceptioned as a major organ of Marwadi Education Foundation in 2008, under the Bombay Public Trust Act 1950. Marwadi University was established under Gujarat Universities Act (Act 9 of 2016) on 9th May, 2016. Marwadi University is promoted by Marwadi Shares and Finance Limited (MSFL) – a major stock broking company in India & Chandarana Intermediaries Brokers Pvt. Ltd. (CIBPL) – a leading firm dealing in technical and arbitrage trading in Indian Stock Markets.

Purpose

Marwadi Education Foundation was inceptioned with the purpose of enhancing human capabilities. MU strives to contribute knowledge & skill to augment human life and provide immense opportunities to every individual to discover their true potential. The university has a commitment to provide best and industry relevant education to all the students.

Vision

Our vision is to address the challenges faced by our society and planet through education that builds capacity of our students and empowers them through their innovative thinking, practice and character building. This, in turn, would boost their creativity while making them responsible towards the utilization of the limited natural resources to face the challenges of the 21st century.

Mission

- To produce creative, responsible and informed professionals
- To produce individuals who are digital-age literates, inventive thinkers, effective communicators and highly productive
- To deliver cost-effective quality education
- To offer world-class, cross-disciplinary education in strategic sectors of economy through well devised and synchronized delivery structure and system
- To provide a conducive environment that will enable students to experience higher level of learning acquired through constant immersion leading to the development of character, virtues, values & technical skills

Student Testimonials

“ The best part of Marwadi University for me was my faculty members from Automobile and Mechanical Dept.

Marwadi University provided me the first step towards the Indian Navy. My schooling from S.N.Kansagra School and graduation from MU groomed me and instilled Officer like Qualities in me that helped me to clear the toughest exam to get selected as an Officer. I heartily acknowledge my faculty members and placement team for this great achievement.”

Dushmantkumar Umakanta Das
B.E Automobile

“I feel blessed to be a part of Marwadi University. I am very thankful to Marwadi University for their support and help to nourish my skills through SIG & C2C sessions. My placement is a tribute to my parents & teachers for their support through out my life.Special thanks to the Placement Cell for helping me to achieve an offer of 9 Lac per annum.”

Deep Maheshkumar Ranipa
B.E Mechanical

"I completed my BE in Mechanical Engineering from Marwadi college in FOE1. I am from Anjar (Kutch) and the most valuable aspect of Marwadi University is its efforts for providing the best in the field of education and training. Moreover the placement department of the university plays a key role in providing the best and the most suitable companies for students. I got placed in BYJUS at the post of Business Development Associate. I am thankful to all respected faculties and placement members for all of their efforts."

Yash Pankajbhai Gajjar
B.E Mechanical

"I've been selected for World's best E-commerce platform – Amazon, with a package of 7.2 lac per annum. I'm very thankful to Marwadi University. It is a place where teaching goes beyond classrooms, provides lots of placement opportunities and make every individual industry ready."

NURTURING STUDENTS FOR GLOBAL CAREERS

360 DEGREE EDUCATION MODEL

THE THREE STAGES OF HOW YOU 'DISCOVER YOU' AT MARWADI UNIVERSITY

Through the indigenously developed 360 Degree Education Model, the university takes ownership of making the students job ready. The structured program ensures that every student acquires the necessary soft skills and professional attributes that make them ready to roar from day one of their professional life.

Tier – I

It begins with Knowledge

Knowledge is both the ingredient and the recipe for success.

- The world is changing continuously. It only makes sense if the courses taught at the universities keep up with this change.
- A dedicated **COURSE CURRICULUM BODY** consisting of acclaimed Ph.D faculty keeps track of these changes to design courses for the present and future.
- The idea is to make the student job-ready and not just another graduate with a meaningless degree of outdated knowledge.
- Meanwhile, the faculties also undergo continuous development in terms of knowledge and industry trends. We call it the Faculty Development Program.
- Online learning through MOOC, Swayam, etc.

Tier – II

From Knowledge to Learning & Development

Turning a happy-go-lucky student into a thorough professional is a gradual process.

The **Career Readiness Program** has been chalked out to make this transformation process gradual, impactful and lasting.

Dedicated 3 hours per week per student

Every student goes through a detailed 'Skill Assessment Test' to determine their overall Employability Index.

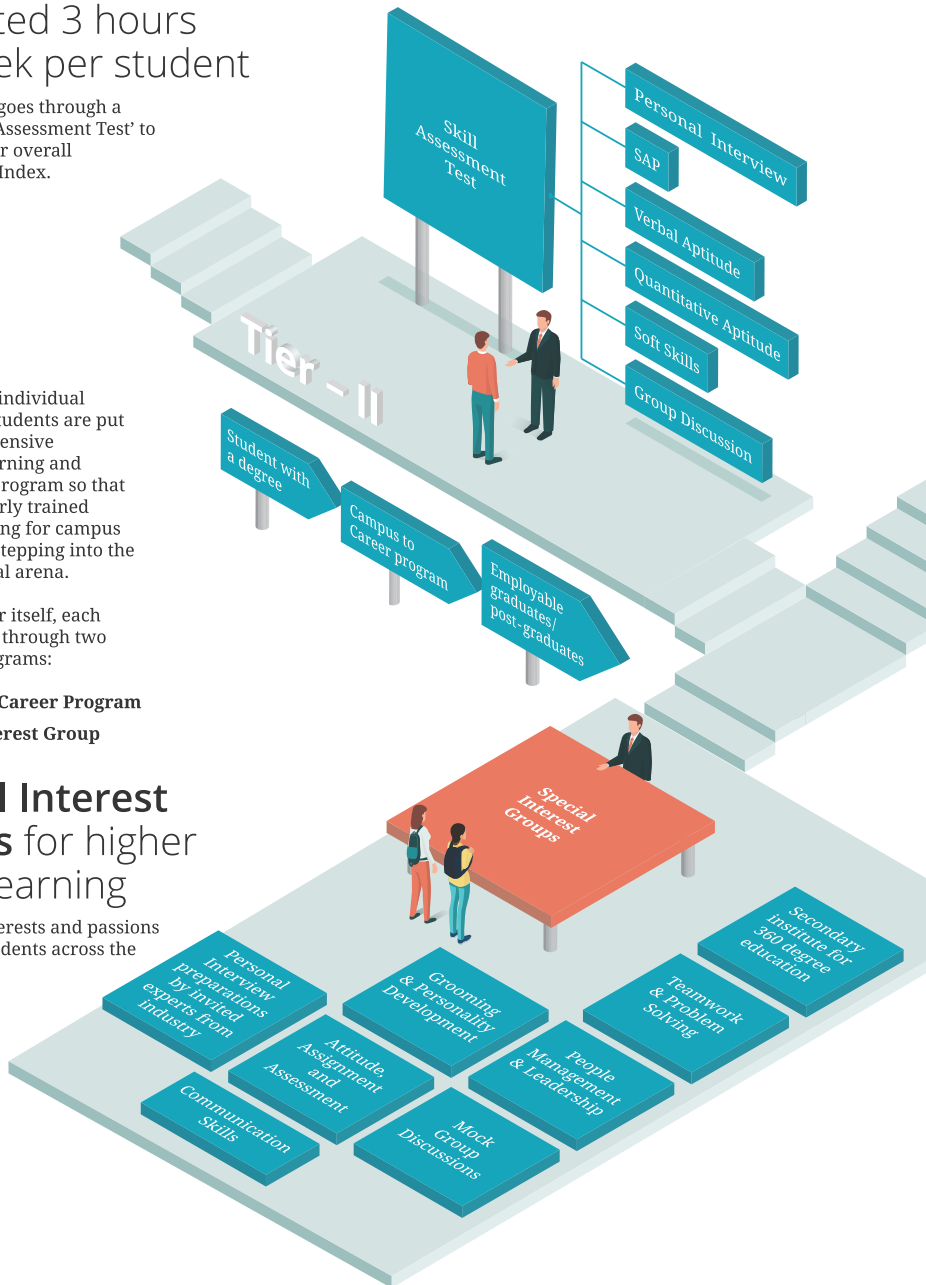

Depending on individual assessments, students are put through an extensive phase-wise learning and development program so that they are properly trained before appearing for campus interviews or stepping into the entrepreneurial arena.

In the first year itself, each student passes through two important programs:

- Campus to Career Program
- Special Interest Group

Special Interest Groups for higher order learning

Share your interests and passions with fellow students across the university!

Tier – III

Learning to Learn - Towards a fulfilling life

During the final stages, the students are prepared for the life that awaits them once they step outside the campus with their degree in hand. The mentors prepare the students for life with managerial, leadership and other important skills.

DISCOVER NAAC A+ RATED EDUCATION

Quality in education doesn't come easy! If it comes, it comes at a premium cost. Marwadi University was founded to provide education that is much higher, better and useful than what is being already provided by other major institutions while being affordable at the same time. This objective is being fulfilled on a continuous basis by the entire team at the university. But how do you make sure if your child is getting the quality of education that is being claimed by the university? More importantly, why should you choose Marwadi University based on its NAAC A+ accreditation?

The answer is simple!
NAAC A+ Accreditation
stands for excellence!

Gujarat's only NAAC A+ Accredited Institute.

Why does this accreditation matter?

NAAC- National Assessment and Accreditation Council is **the country's highest accreditation council set up by the Government of India** in 1994. It is an autonomous organization under Ministry of Human Resource Development and UGC (University Grants Commission).

Since then, NAAC has been the quality eye of the GoI for evaluating the country's higher education institutions on the basis of many criteria that impact the education being provided by the institutions, directly or indirectly.

Every university and educational institution has to go through this procedural and operational accreditation process compulsorily, based on which they are provided a grade. This grade is a reflection of the quality of education they ultimately dish out to the students.

Marwadi Education Foundation was graded with a glorious 3.51 on a scale of 4 to achieve the A+ Grade.

Only 4% of the total educational institutions in India are accredited with NAAC A+ Grade.

What does the A+ grade mean?

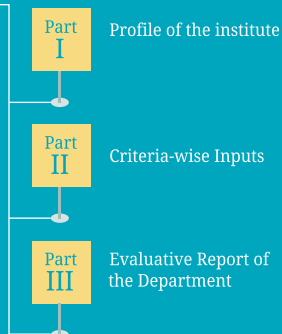

A+ Grade signifies the institution's superior quality in:

A 3-member committee from NAAC visited the campus and went through every major and minor detail along with a 365 slide detailed presentation for this process. From a detailed curriculum presentation to providing an account of the food served at the canteen, the team analyzed and evaluated every aspect of the university.

The process of getting accredited by NAAC

Getting NAAC accreditation is a very rigorous process that involves the preparation of Self-study Report which is written in three parts:

What are the benefits of NAAC accreditation?

-
- Start-ups by MEFGI students preferred for funding
 - An edge over other university students
 - First choice of international companies for placement
 - Ease in foreign education for further studies

AN A+ GRADE DOESN'T COME EASY!

It has been made possible through the foundation's vision, determination and long-term thinking.

This A+ Grade is a testimony of the success of the continuous accumulated efforts of the foundation to deliver world class education in Gujarat at affordable cost.
