Inception

Marwadi Education Foundation’s Group of Institutions (MEFGI) was incepted as a major organ of Marwadi Education Foundation in 2008, under the Bombay Public Trust Act 1950. Marwadi University was established under Gujarat Private Universities Act (Act 9 of 2016) on 9th May, 2016. Marwadi University is promoted by Marwadi Shares and Finance Limited (MSFL) - a major stock broking company in India & Chandarana Intermediaries Brokers Pvt. Ltd. (CIBPL) - a leading firm dealing in technical and arbitrage trading in Indian Stock Markets.

Purpose

Marwadi Education Foundation was incepted with the purpose of enhancing human capabilities. MU strives to contribute knowledge & skill to augment human life and provide immense opportunities to every individual to discover their true potential. The university has a commitment to provide best and industry relevant education to all the students.

Vision

Our vision is to address the challenges faced by our society and planet through education that builds capacity of our students and empowers them through their innovative thinking, practice and character building. This, in turn, would boost their creativity while making them responsible towards the utilization of the limited natural resources to face the challenges of the 21st century.

Mission

- To produce creative, responsible and informed professionals
- To produce individuals who are digital-age literates, inventive thinkers, effective communicators and highly productive
- To deliver cost-effective quality education
- To offer world-class, cross-disciplinary education in strategic sectors of economy through well devised and synchronized delivery structure and system
- To provide a conducive environment that will enable students to experience higher level of learning acquired through constant immersion leading to the development of character, virtues, values & technical skills

RECOGNITIONS

Marwadi University is recognized and approved by major organizations related to education and the government.

The university is also associated with major educational societies and government bodies.

Quality in education doesn’t come easy! If it comes, it comes at a premium cost. Marwadi University was founded to provide education that is much higher, better and useful than what is being already provided by other major institutions while being affordable at the same time. This objective is being fulfilled on a continuous basis by the entire team at the university. But how do you make sure if your child is getting the quality of education that is being claimed by the university? More importantly, why should you choose Marwadi University based on its NAAC A+ accreditation?

The answer is simple! NAAC A+ Accreditation stands for excellence!

Why does this accreditation matter?

NAAC - National Assessment and Accreditation Council is the country’s highest accreditation council set up by the Government of India in 1994. It is an autonomous organization under the Ministry of Human Resource Development and UGC (University Grants Commission).

Since then, NAAC has been the quality eye of the GoI for evaluating the country’s higher education institutions on the basis of many criteria that impact the education being provided by the institutions, directly or indirectly.

Every university and educational institution has to go through this procedural and operational accreditation process compulsorily, based on which they are provided a grade. This grade is a reflection of the quality of education they ultimately dish out to the students.

Marwadi Education Foundation was graded with a glorious 3.51 on a scale of 4 to achieve the A+ Grade.

Less than 1% of the total educational institutions in India are accredited with NAAC A+ Grade.
What does the A+ grade mean?

A+ Grade signifies the institution’s superior quality in:

- Teaching Methodologies
- Learning - Teaching and Evaluation
- Research, Innovation and Extensions
- Infrastructure and Learning Resources
- Student Support and Progression
- Governance, Leadership and Management
- Institutional Values and Best Practices

The process of getting accredited by NAAC

Getting NAAC accreditation is a very rigorous process that involves the preparation of Self-study Report which is written in three parts:

- **Part I**: Profile of the institute
- **Part II**: Criteria-wise Inputs
- **Part III**: Evaluation Report of the Department

A 3-member committee from NAAC visited the campus and went through every major and minor detail along with a 365-slide detailed presentation for this process. From a detailed curriculum presentation to providing an account of the food served at the canteen, the team analyzed and evaluated every aspect of the university.

What are the benefits of NAAC accreditation?

- Start-ups by MEFGI students preferred for funding
- An edge over other university students
- First choice of international companies for placement
- Ease in foreign education for further studies

AN A+ GRADE DOESN’T COME EASY!

It has been made possible through the foundation’s vision, determination and long-term thinking.

This A+ Grade is a testimony of the success of the continuous & accumulated efforts of the foundation to deliver world-class education in Gujarat at affordable cost.
From the Desk of
the Chairman

Shri Ketan Marwadi

Marwadi University has a unique platform that gives students a plethora of unparalleled opportunities to experience the joy of learning, the wonders of new knowledge and to unearth their limitless potential and capabilities.

When you become part of the Marwadi University family, we leave no stone unturned to guide, mentor, nurture, and prepare you to meet the global requirements—both personal and professional. Our gift to you and our nation are strong and ethical leaders who will shape and change the destiny and future of the world.

The Vice Chairman’s vision for Marwadi University

Shri Jitendra Chandarana

You will, I hope, discover the exhilaration of the intellectual life and a chance - to contribute to the thought - whose measure will move our descendants many years from now. I wish you all the very best in your future endeavors.

- Marwadi University is a community of students and staff dedicated to bring out the best in all its members. Our aim is to provide the finest possible environment for teaching, learning, and research.

- We envision a time when youth from different regions are engaged in all sectors of technology and management where issues affecting young people are debated and decisions made.

- We create a network of youth empowered with skills and knowledge, to be able to contribute to healthy economy and growth of the society and nation.

- We are molding young minds to be active in global events where their opinions can be listened to and respected.

- We are committed to create a vibrant and stimulating environment to live, self-learn, work and play.
The Honorable Trustee has a message for the students

Shri Sandeep Marwadi

I strongly encourage all the prospective students to visit our campus, meet with the HODs, TIPO team, admissions team, and student section officials to find out more about the university’s culture and academic programs.

At Marwadi University, we open minds to “connect the dots”, see the big picture and make new sense of life. We create the campus environment where students are:

- Exposed to exciting campus events that build social skills
- Challenged by industry projects that open their eyes to the complexities of the real world
- Stimulated with personal freedom to explore and experiment that build confidence and shape opinions
- Engaged in incubation of new enterprises that merge different skills to create new ones
- Involved in community work that add value and meaning to their lives

Vision as the Provost of Marwadi University

Dr. Y. P. Kosta

I am pleased to share with our stakeholders that we, at Marwadi University, are conscious about the need for growth and sustainability of Engineering, Management & Computer education that is necessary for our country in terms of societal transformation, economic prosperity and global peace. In view of this, MU has developed world-class infrastructure and laboratories, employed competitive manpower, deployed ancillary facilities and created an environment that offers the best-of-learning experiences to map match and compete with the best in the world.

I hope that you will continue to choose and consider us as your mentor partner for your life and shower your blessings in this never ending journey of ours. Finally, education transcends civilizations, people & life and controls our future; let us all join together and tread for a better and prosperous future.

The structured program ensures that every student acquires the necessary soft skills and professional attributes that make them ready to roar from day one of their professional life.
Tier – I

It begins with Knowledge

Knowledge is both the ingredient and the recipe for success.

- The world is changing continuously. It only makes sense if the courses taught at the universities keep up with this change.
- A dedicated COURSE CURRICULUM BODY consisting of acclaimed Ph.D faculty keeps track of these changes to design courses for the present and future.
- The idea is to make the student job-ready and not just another graduate with a meaningless degree of outdated knowledge.
- Meanwhile, the faculties also undergo continuous development in terms of knowledge and industry trends. We call it the Faculty Development Program.
- Online learning through MOOC, Swayam, etc.

Tier – II

From Knowledge to Learning & Development

Turning a happy-go-lucky student into a thorough professional is a gradual process.

The Career Readiness Program has been chalked out to make this transformation process gradual, impactful and lasting.
Dedicated 3 hours per week per student

Every student goes through a detailed ‘Skill Assessment Test’ to determine their overall Employability Index.

Depending on individual assessments, students are put through an extensive phase-wise learning and development program so that they are properly trained before appearing for campus interviews or stepping into the entrepreneurial arena.

In the first year itself, each student passes through two important programs:

- **Campus to Career Program**
- **Special Interest Group**

Special Interest Groups for higher order learning

Share your interests and passions with fellow students across the university!

- **Personal Interview**
- **SAP**
- **Verbal Aptitude**
- **Quantitative Aptitude**
- **Soft Skills**
- **Group Discussion**

- **Student with a degree**
- **Campus to Career program**
- **Employable graduates/post-graduates**

- **Tier - II**

- **Special Interest Groups**

- **Communication Skills**
- **Grooming & Personality Development**
- **Teamwork & Problem Solving**
- **People Management & Leadership**
- **Mock Group Discussions**
- **Secondary Institute for 360 degree education**

- **Attitude, Assignment and Assessment**
Tier – III
Learning to Learn - Towards a fulfilling life

During the final stages, the students are prepared for the life that awaits them once they step outside the campus with their degree in hand. The mentors prepare the students for life with managerial, leadership and other important skills.

PROJECT BASED LEARNING bridges the gap between academic syllabus and skills required by today’s fast-growing industries.

This starts from the first semester itself.

- Regular Project Fairs are organized and industry experts are invited to give inputs to each project group.
- These projects have been designed to provide an opportunity to the students to explore the potential of technology in enhancing the life of people through engineering solutions.
