My inspiration

Dancing was my passion from my Childhood. I was taking it as my hobby only. But during College functions and events I could find some new way to progress and to make career in classical Dance also found a Best Guru who could make me perfect in this field. My guru Shree Jignesh Surani and My parents gave me the way to fly on it. Now I am full time performer and Trainer of Bharatnatyam Dance.

My Challenges

Switching the Career was my biggest challenge. Because I was doing job in my technical field of Environment and Suddenly I switched the field and started from The Zero. To answer parents and society that why I should do this was very difficult to me. I wanted to my passion as it gives me Peace with professional works. I can work for my dance and its students for 24*7. So it is my big Achievement that I never get tired of it.

My Invaluable Motivators

From College time some Faculties were hidden inspiration for me. Then my Guru Shree Jignesh Surani who gave me way to work professionally in this non-technical field with Perfect known of Indian Classical dance in Scientific way and yes especially my parents who gave me permission to do it. They are now full supportive for my passion.

Contribution from the Marwadi Family

MEFGI gave me chances to perform in different Events from where I can explore My art.

My future plans

I want to Make a Institute for Bharatnatyam Classical dance in Rajkot and explore more this art and make aware people of this art as this is our Indian and Very Scientific art which connects us to Spirituality which is the best point of India.

My way of being connected to Marwadi Family

I will be very happy to work with or to do something related to dance at MEFGI
