

ACCESS SCHEMES FOR PEOPLE WITH DISABILITIES

As part of our commitment, we have established an extensive Disability Access Scheme to aid individuals with disabilities in their academic and professional pursuits. This initiative encompasses a range of services, including mentorship and specialized support, tailored to cater to the distinctive requirements and challenges faced by disabled students, staff, and scholars. Our objective is to cultivate an environment that is inclusive and supportive, enabling individuals with disabilities to thrive and actively participate in all aspects of academic life. In this regard, Marwadi University has access schemes for people with disabilities such as mentoring or other targeted support. Marwadi University carries out activities not only for its disabled students but also for other disabled students in the City.

The Equal Education Opportunity Directive for Students with Disabilities

This aims to ensure the preparation of the necessary academic environment and the implementation of measures and regulations to facilitate the education life of disabled students at Marwadi University, and to ensure their full participation in the educational processes. It covers the procedures and principles regarding accessibility, examination practices, class activities, and all services the university provides.

Mentorship

- Appointment of Coordinator
- Peer Mentoring Program
- Equipment Support
- Project Support
- Academic Audio Library
