

INSTITUTE	FACULTY OF PHYSIOTHERAPY
PROGRAM	BACHELOR OF PHYSIOTHERAPY
YEAR	1
COURSE TITLE	CLINIC ORIENTATION
COURSE CODE	BPT-110
COURSE CREDITS	5

Objective:

- 1 Identify the physical layout, departments, and basic functioning of various clinical settings including OPD, IPD, and physiotherapy units.
- 2 Describe the roles and responsibilities of physiotherapists and other health care professionals within the multidisciplinary health care team.
- 3 Demonstrate awareness of professional behavior, ethics, patient dignity, and confidentiality observed during clinical interactions.
- 4 Observe and explain basic patient handling techniques, communication skills, and infection control measures practiced in clinical environments.
- 5 Relate clinical observations to classroom learning, developing a foundational understanding of patient-centered care and clinical reasoning for future physiotherapy practice.

Course Outcomes: After completion of this course, student will be able to:

- 1 Identify the physical layout, departments, and basic functioning of various clinical settings including OPD, IPD, and physiotherapy units.
- 2 Describe the roles and responsibilities of physiotherapists and other health care professionals within the multidisciplinary health care team.
- 3 Demonstrate awareness of professional behavior, ethics, patient dignity, and confidentiality observed during clinical interactions.
- 4 Observe and explain basic patient handling techniques, communication skills, and infection control measures practiced in clinical environments.
- 5 Relate clinical observations to classroom learning, developing a foundational understanding of patient-centered care and clinical reasoning for future physiotherapy practice.

Pre-requisite of course: A basic readiness to participate in interactive learning activities and an openness to acquire foundational healthcare knowledge are typically expected.

Teaching and Examination Scheme

Theory Hours	Tutorial Hours	Practical Hours	ESE	IA	CSE	Viva	Term Work
